BUILDING SKILLS FOR LIFE'S CHALLENGES

The mission of the Center for Humanistic Change (CHC) is to give people, especially youth, the knowledge and tools they need to make better-informed and more positive life choices. We achieve this through the interactive delivery of prevention education, evidence-based and custom-designed programming, and student mentoring. Drug and alcohol prevention programs and life skills training remain a core focus.

Please consider supporting our important work with a tax-deductible donation. Your investment makes it possible for CHC to provide youth, families and individuals with vital programs and services — in schools, in the community, and in the workplace.
Thank you!
